Dear Sir

Yours to hand today and contents  
noted, first of all, this is the first letter  
received from you,

Next your knowledge of when the Gurne  
should look and feel like, is quite correct,  
all our birds are like that,

I enclose a snap of our loft, it is the  
one Fred Shaw had built at first, when at  
Bramhall, it used to be steel and glass, I  
am on with my Great Grand Daughter,

We cannot let you have any youngsters  
at present, we have been pulled out of the  
loft for birds, we can let you have young-  
sters later, say August, the price is £30 a  
pair, plus cost of carriage etc,

It is a lot of trouble sending birds  
to the States, papers signed by this and that  
man, then going to Ringway Air port, 20 miles  
away, regards the fancier in Widnes that is  
about 40 miles away from our place.

If you decide to take any, please let  
me know early, we expect the Japan fanciers to  
call again this spring.

Yours

*A Hilton*
